3. COMMENTS

3.1)

Great professor, with a high sense of current styles and popular trending topics.
Would take the class again, if possible.

Great teacher, someone that really cares.

- Very fun class

- Opened my eyes on what packaging design is really about.

- Highly recommended for graphic design students

Best teacher!

I feel like the effort put into the creation of physical was not appreciated enough; nor did you help us with demos regarding package construction; for example you should show students how to wrap labels around curved tapered shapes.

-Overall, great class. There needed to be a set schedule or come more prepared when it came to giving projects, checking projects, giving lectures because it can get confusing sometimes. But great job!
